

Diving cruise Fury Shoal

Departure and return to the marina of Marsa Alam. The best sites in the area of Marsa Alam and Hamata allow the discovery of sites for everyone from beginners to experienced divers.

A southern circuit of an excellent quality / price ratio compared to a hotel room with 16 dives (night dives included) over 6 days. Cruise open to Level 1 (with supervision to general Seafari 2008), non-divers and of course families. (Children have the age of 8 years minimum).

This circuit is used to position the boat at night on well-sheltered sites ensuring a good "night" for those who are not accustomed to boats.

You will pass magnificent sites such as :

Abu Galawa and wreck Tienstin that goes from the surface - 17 m at the stern. A wreck of a hundred feet colonized by corals, to the point that in places it is impossible to discover the end of the wreck and the beginning of the reef (often in night dive).

Sha'ab Claudio and large caves in the form of beautiful cathedrals that offer games of fairy lights. It is not

uncommon in the morning to meet with small white tip

sharks at every turn by a gallery and most of the time a huge Napoleon wanders under the boat.

Malahi consists of a maze of canyons where reigns a magical atmosphere with beautiful lighting effects also a paradise for photographers. Very often schools of mullet , yellow fin colonize the canyons. It is not uncommon to see a turtle ride in the water.

EGYPT RED SEA

Diving cruise
Fury Shoal

Siyal Island is a small island of white sand where we stop to admire the sunset. It is inhabited by a multitude of birds with beautiful fish eagles. We embark after admiring the sunset.

All these sites are accessible to all, both in diving snorkeling. (As with all circuits, order and site selection can not only be contractual, they can vary: cause of the weather and / or state of the sea).
